

# CAT FIELD TESTER

- **LIGHT WEIGHT FIELD TESTER FOR ALL ELECTRIFIED LOCKING HARDWARE**
- **GREAT FOR TESTING NEW INSTALLATIONS OR TROUBLESHOOTING**
- **ENOUGH POWER TO FIRE OFF ELECTRIFIED EXIT DEVICES W/ PM300**
- **CORDLESS - NO NEED TO FIND AN OUTLET OR CARRY YOUR EXTENSION CORD**

The CAT FT is a lightweight portable power source for field testing Mortise & Cylindrical locks, Motorized and Solenoid driven exit devices, Electric strikes, etc. that require 12-24VDC voltage. It is the perfect tool installers who are working on electrified hardware and want to test the product after installation. Or a great way of troubleshooting when you're hardware is not working properly to quickly diagnose the issue!
