

Why your customers need the HPC Button Clutch™ Killer Kit

The success of today's locksmith depends on the ease and quickness of each car opening. Having the right combination of tools at the right time can make the difference between a difficult car entry and an easy, quick and profitable auto opening.

How to sell the HPC Button Clutch™ Killer Kit

Key Selling Points:

- * **Fast Lock Button Opening!**
This compact action tool will grab lock buttons and not let go! Similar to HPC's patented Vertical and Horizontal Clutch™ Tools and Super Snare, this hybrid tool gets you in fast!
- * **Everything you need in the Kit!**
This compact, complete kit is all you need to unlock a large variety of autos with button locks. Includes the Button Clutch™, the AutoSleeve™ and Ultimate Auto Wedge.
- * **Buy the kit and save money!**
By placing these ready-to-go kits in your will-call area, you'll create impulse sales and save your customer money!
